IN THE MATTER OF PAYSON WATER  
COMPANY, INC. FILING OF A  
CURTAILMENT PLAN TARIFF

DOCKET NO. W-03514A-04-0906

DECISION NO. 67821ORDER

Open Meeting  
May 3 and 4, 2005  
Phoenix, Arizona

BY THE COMMISSION:

FINDINGS OF FACT

1. Payson Water Company, Inc. ("Payson" or "the Company") is certificated to provide water as a public service corporation in the State of Arizona.

2. On December 17, 2004, the Company filed a curtailment plan tariff.

3. The Company's proposed tariff differs from Staff's general curtailment tariff template that is posted on the Commission's website in that the Company is proposing a "reconnection fee for violation" during the mandatory Stage 3, 4 and 5 conditions, when outdoor watering is prohibited.

4. On January 20, 2005, in Decision No. 67511, the Commission suspended the tariff filing for a period of ninety days, through and including April 16, 2005. This request was granted so that Staff would have more time to review the application.

...

...

1           5.       On April 11, 2005, in Decision No. 67755, the Commission suspended the tariff  
2 filing for an additional 30 days. This request was granted so that the Company could docket a  
3 Water Augmentation Surcharge Tariff.

4           6.       The Company is located in the Payson area in Gila County and consists of nine  
5 independent water systems; Mead's Ranch, East Verde Estates, Flowing Springs, Geronimo, Mesa  
6 del Caballo, Star Valley/Quail Valley, Whispering Pines, Star Valley and Deer Creek Systems.  
7 These systems serve a total of approximately 4,100 customers.

8           7.       The Company's proposed curtailment tariff was developed based on the tariff  
9 approved for Pine Water Company, Inc. ("Pine Water ") in Decision No. 62846 (August 24, 2000)  
10 and revised in Decision No. 65914 (May 16, 2003) which includes a "reconnection fee for  
11 violation". Pine Water and Payson are subsidiaries of Brooke Utilities, Inc. The Company would  
12 like its tariff to be consistent with the tariff approved for Pine Water.

13           8.       The Company seeks approval for a provision for a "reconnection fee for violation"  
14 during mandatory Stage 3, 4 and 5 conditions. Once notice of mandatory conservation has been  
15 provided, customers can be disconnected if they fail to comply and continue to use water for  
16 purposes that are prohibited. These reconnection fee ("fine") amounts are less than Pine Water's  
17 fine. The Company proposed its fines be lower than Pine Water's because the water supply  
18 shortage in Payson's service area is not as severe as it is in Pine Water's service area. The  
19 proposed fines being requested are summarized as follows:

20                   Stage 3 – Enforcement

21

22                   1 <sup>st</sup> offense	\$150.00
23                   2 <sup>nd</sup> offense	\$300.00
24                   3 <sup>rd</sup> offense (and thereafter)	\$600.00

25                   Stage 4 – Enforcement

26

27                   1 <sup>st</sup> offense	\$300.00
28                   2 <sup>nd</sup> offense	\$600.00
3 <sup>rd</sup> offense (and thereafter)	\$1,200.00

29 ...

30 ...

## 1 Stage 5 – Enforcement

2 1 <sup>st</sup> offense	\$600.00
3 2 <sup>nd</sup> offence	\$1,200.00
4 3 <sup>rd</sup> offence (and thereafter)	\$2,400.00

5 9. Under these mandatory restrictions in Stages 3, 4 and 5, the Company is required to  
6 notify customers by delivering written notice door to door at each service address, or by changing  
7 local sign postings, or via electronic mail, or by any other reasonable means of notifying customers  
8 in the affected water system(s).

9 10. It is the Company's position that water conservation will only be achieved if the  
10 parties responsible for wasting water face the consequences for such actions, including appropriate  
11 economic penalties. Otherwise, the impact of one individual wasting water is unfairly placed on  
12 all of the water system's customers.

13 11. Staff proposed several modifications to the tariff, one of which would potentially  
14 require the Company to haul water under certain conditions.

15 12. Staff finds the amended tariff to be reasonable.

16 13. Staff recommends approval of the Company's Curtailment Plan Tariff as modified  
17 by Staff and reflected in Staff's Exhibit A.

18 14. Staff further recommends:

19 a. That the monies collected under this tariff shall be deposited into a separate  
20 interest bearing trust account and used solely for the purposes of paying for  
21 importing of water to the Company (such as hauling water or connecting to  
and buying water from another water system).

22 b. That the Company submit a report to the Utilities Division Compliance  
23 Section, beginning October 15, 2005, and on May 15 and October 15 of  
24 each year thereafter, that includes a running account of (up to the last day of  
the previous month) the following information;

- 25 1) The name of each customer that has paid the fine,  
26 2) The amount of the fine paid by each customer,  
27 3) The amount of money used from the account to pay for  
importing water, and  
28 4) The balance in the account.

## CONCLUSIONS OF LAW

1. The Company is an Arizona public service corporation within the meaning of Article XV, Section 2, of the Arizona Constitution.

2. The Commission has jurisdiction over the Company and of the subject matter in this Application.

3. The Commission, having reviewed the request for approval of the tariff and Staff's Memorandum, dated April 19, 2005, concludes that it is in the public interest to approve the curtailment plan tariff, as amended in accordance with the recommendations in Staff's Exhibit A.

ORDER

IT IS THEREFORE ORDERED that Payson Water Company, Inc. shall comply with the recommendations and conditions as set forth in Findings of Fact No. 14 hereinabove.

If the Company elects to provide notice by use of local sign postings, Company shall post and maintain at least **two (2) signs per water system**, in noticeable locations that include the entrances to major subdivisions, showing if the Company is operating under its curtailment tariff, beginning with Stage 1. 2. Stage 2 – Blue
3. Stage 3 – Yellow

### RECONNECTION FEE

All reconnection fees shall be cumulative for a calendar year regardless of the Stage that an offense occurs. For example, if a customer fails to meet the requirements of a particular stage, conserve the required amount of water under Stage 3 after notice that a curtailment is in effect, the reconnection fee shall be \$150.00 dollars. If that same customer, in the same calendar year, commits an offense under Stage 5, the reconnection fee shall be \$1,200. By May 15 and October 15 of each year, the Company will provide the Director of the Utilities Division with a list of customers who paid reconnection fees for failure to comply with the mandatory provisions of this curtailment tariff.

Any customer who has service terminated per this tariff more than once during a calendar year shall have those terminations count against him/her in the next calendar year for purposes of establishing the reconnection fee, should another termination occur.
